“ *Even though i never got to know Vicky well, i have a good sense of the kind of women and nanna she was. All the thoughtful gifts she showered on her grandchildren, the incredible beautiful taste she had, the kind words from her family, the excited anticipation of her grandchildren visiting during the summer and successfully raising girls into beautiful women, makes me feel im qualified to say what an amazing women she was. She will be deeply missed.*

“ *Although I have mostly known Vicky through working with Mike since 1997, I feel like I knew her well as Mike often talked about his family as a proud husband, father and grandfather. Vicky always treated me really well and often asked about my family with genuine interest. If she knew I liked something that she prepared Mike for dinner she would send extras for me the next day with his lunch (although I have suspicions that Mike might have held back on me...). I admired the genuine love Mike and Vicky had for one another. It was inspiring to witness. I know this is a devastating loss for Mike, the girls, and all Vicky's extended family. I send my sincere condolences. Please know you are in my thoughts and prayers. Sincerely Mark Brothers*
