“ Virginia was a very well loved and respected lady. Her sense of humor and hard work always made her one of my favorites when we worked together at Scientific-Atlanta. She always had a smile on her face and was quick with a comeback when I joked around with her. I used to refer to her as our best Quality Control Inspector or Destructo since she and I were always breaking things together.

*I feel blessed to have known her and offer my prayers to her family as they celebrate her life and mourn her passing.*

*Respectfully - Mossy.###imported-begin##Scott Mossbrooks###imported-end##*
