“ *The Great Doily in the Sky, Our Aunt Virginia was the truest example of light, grace and elegance in our family. I spent many summers with her and Uncle Harry and we always seemed to be on a quest for that one perfect doily she needed to finish her already stunning home, marble top table, field of peas, making monkey bread or occasionally margaritas or feeding the fish but every day with her was an adventure to learn, to grow and to make cherished family memories. So many great stories and you will never be forgotten Auntie and your impact on our Family will be felt for generations to come. You truly brought out the best in everyone.* ”

“ I knew Mrs Waters/Virginia many years ago. I was young, in my 20s...and was totally in awe of her. She was a strong, caring and compassionate person. The very essence of a southern lady. And she loved her boys with the ferocity of a mama bear! I will always cherish memories of holiday decorating at their house. Her positive energy, warm smiles and laughter. She will always be part of my memories and my heart.

“ Virginia and I worked together at LES for many years. She was well-respected and loved in the Loganville community. She was always “professionally” dressed for school and you could hear her coming down the hall in her black heels. I once asked her how she walked in heels all day and she showed me that she kept multiple pairs of the same heels under her desk and she would switch during the day. My fondest memory of her was when she challenged the students to read for AR. The students and teacher that met the goal would get to go up in a hot air balloon that was tethered at the playground. The staff asked of her She had to wear jeans and put her hair up in a ponytail. She met the challenge and wore her white pressed jeans with her hair in a fancy ponytail. Always a professional. She brought me into the Loganville community and I will always be thankful for that. God bless you and your family. May your memory be eternal. 🙏❤️

“ *I greatly admired and loved her...Virginia Haney Russell Waters. Aunt Virginia was the Flagship and leader of Family Values and repeatedly emphasizing the importance of “The Family”. She would organize and plan Holiday get-togethers insisting that this family must stick together to make lasting and positive memories. In that way...she greatly stood out far reaching than any of us could ever accomplished. She was a Great Listener, looking straight into your eyes and heart, to convince you of your importance within this family. No wonder she exceeded in her career within the School System. Honoring us all as she completed her College Studies with honors. You will Never be forgotten and you will always remain in our individual thoughts and prayers. We love you Aunt Virginia. Rest in Final Peace.*

“ *I would get a kick out of her saying: “...later, we’ll pour us a glass of wine and sit on the porch....but later...not around the children... never around the little ones...”*
