“ *I met Gus many years ago when Jim and I took our daughter Jaime to visit. He was a pleasure to meet, and had Sissy sing for us while he played the guitar. RIP and fly high Gus.*

“ Gus was my uncle and the brother of a father I never knew he took me under his wing every summer and taught me about working in the real world I have so many stories it's hard to choose but there are a few first that he gave me..... he gave me my first mini bike he had caught on fire it was no seat no brakes and the throttle was a string tied to the handle bars so if you turned left you went really fast LOL..... I made my first jump on a motorcycle in his backyard and took out the neighbors fence needless to say he didn't buy that one for me..... when I broke my back at age 12 you asked me what I wanted when he came to see me in the hospital I said I would take a fresh hundred dollar bill that was the first one I had ever seen..... he introduced me to my first loud screaming rock and roll which was Nazareth.... he came home from work one Friday now it's that we were going to Daytona with the Coles.... that was the first time I ever did a hundred and twenty miles an hour in a car we had to jump off the highway because a cop was chasing us and went down back roads for about 20 miles lol .... he was tough on his kids and sometimes to the people around him but he was just trying to teach us the right way and we all knew he loved us and had our best intentions in mind.... never knew him to have a job per se but he always had some kind of business running the first thing I ever did for him was put insulation into attics and under houses what a nasty scratchy job that was but he gave me a dollar-an-hour which I thought was great I could keep going but we all know he was in pain not much quality of life in the end so rest in peace Uncle Gus you will be sorely missed

“ Back in time when I first met Gus I was 14 years old working at Kenerly's .I started working for him insulating houses, we put in several inground pools including his at Harmony Grove Road. Lots of good memories . Gus helped me get my first car and he also took me on vacation with his family. I lost contact with him over the last 10 years but will always remember Gus and Ellene as part of my family. Prayers to all his children and the grandchildren. Nathan and Kathy Campbell

*This saddens me. Gus was a longtime friend. Riding that bike with his cane was something to see! He could sing a tune too! Go and fly on high with Wayne and other friends now brother. You will be missed. May you forever R.I.P*

“ We are so sad to hear about the passing of "Big Gus"..... been friends with Gus and Elaine since school days. If you had the pleasure of knowing Gus, then you know he was head strong and set in his ways. He fought some demons in his life, but to me, he was a good friend. Gus worked with me for a year plus, and taught me more about grading in 1 week than I learned in a year on my own! One day, he pulled up on my jobsite, and asked, "what the hell ya doing?" (you know Gus). I said grading this lot! He said, "boy! you're just ironing and scrubbing, blister this thing out and do that final grade last. should be 1 hour max !!".

Although Gus may not have been with peace within himself here on earth, I am certain that now, he is content and finally at peace. One thing for sure, Gus and Elaine raised 3 of the most polite, respectful, hard working young adults that I had the pleasure to know.

*Sissy, Doug, Nate(smiley). Bless you all.*

*Love and Peace to the family,*

*Much Respect,*

*Marvin and Betty Garner*

*Bob, Alison, and I were so sorry to hear that Uncle Gus is gone. His family and our were as one for most of our adult lives. We first met Gus and Ellene the day after we were married, we were all living at the McDaniel apartments. Soon after both families moved to Morris Hammett's duplex in Mountain Park. We were best of friends from the time we met and remained so for many years. Only miles came between us over the years and we did loose touch in the last years of both of their lives. Both will always be cherished memories for us.*

*Doug, Nate, and Sissy, please know you are in our thoughts and prayers always.*

*We were friends and neighbors with Gus and Ellene for many years. We first met Gus when he was about 12 years old when he moved to Harmony Grove. He and Ellene moved in after his mother passed. We have many memories from those days. Our son Chuck worked with Gus some and our daughters Laurie, Linda and Lisa "baby sat" with Doug, Nate and Sissy until they were old enough to stay by themselves. Love those three. Our thoughts and prayers are with you in your loss.*
