“ Pat I'm so glad all your family were there with you when Bill passed. He is at peace now and you can all have closure. I know it is so hard to see a loved one not recognize you. Rog's Dad, Paul, had Alzheimer's and the only one he recognized toward the end was Renee's daughter, Angela, who has Rett Syndrome. The memory of love is a memory that lives forever. We hope in time you will find some comfort in the special memories Bill as husband and father left behind. Love and prayers to you all...Sherry and Rog
